Introduction to Australian Vocational Education and Training

What is VET?

Australia's Vocational Education and Training (VET) system is based on nationally endorsed industry training packages which identify specific skills and knowledge applied in the workplace. Students undertaking a VET qualification must demonstrate the skills and knowledge identified in a training package and be assessed as 'competent' in the selected units of competency to be eligible for the award of the qualification.

National recognition

The qualifications and Statements of Attainment issued by AABT College must be automatically recognised by all Registered Training Organisations (RTOs) across Australia. In turn, AABT College recognises the qualifications issued by RTOs in all other States and Territories. This allows people to move around Australia from different employers being confident that their qualification will be equally recognised.

What is competency-based training?

Competency based training is training that develops the required knowledge and skills to the standard of performance required in the workplace. It embodies the ability to transfer and apply skills and knowledge to new situations and environments. Competency is achieved by being assessed against requirements of the unit of competency. Your assessor will make a judgment of your competency after reviewing all the different types of assessment evidence you provide.

Training packages

Training Packages represent the national industry benchmarks for Vocational Education and Training. Training packages set out the competency to be achieved but do not state how the training should be delivered. This means that students may complete their qualification in different ways between various training organisations. The training package also specifies the relevant qualification rules including the compulsory core units are included in a course and the elective units which are available.

Delivery of training

Students will receive all the training for which they have enrolled. To be awarded a qualification, all assignments and assessments must be completed to a satisfactory level and submitted in accordance with instructions and within timeframes prescribed. Students are advised of the specific requirements to receive a qualification in their area of study as part of enrolment and when training delivery commences.

Results and certificates

On completing the training program with the Academy, you will receive a nationally recognised qualification. The qualification is recognised within the [Australian Qualifications Framework](#). Qualifications are formatted to a uniform standard to ensure they are valid documents and will be instantly recognised throughout Australia. A qualification issued by AABT College will be accompanied by a transcript which will detail the

units of competence issued within the qualification.

Where a student does not complete the entire course requirements, they may be entitled to receive a Statement of Attainment. A Statement of Attainment is issued by a Registered Training Organisation when an individual has completed one or more accredited units. A Statement of Attainment can be used as a basis for recognition of your current competence with other Registered Training Organisations within Australia.

A statement of results will be available to you upon request throughout your training. This will provide you information of your progress.

Australia Country Education Profile

The Australian Government Department of Education and Training promotes mobility through qualifications recognition. The Australia Country Education Profile provides comprehensive information about education in Australia to improve understanding of the Australian education system and Australian qualifications.

To support mobility, the department engages domestically and globally on qualifications recognition policy and encourages improved recognition practices. It also engages in international policy dialogue on the Australian Qualifications Framework (AQF).

Other departmental information and services to support recognition include:

- Country Education Profiles—an online recognition tool providing guidance on the comparability of overseas qualifications to qualifications on the AQF,
- lists of recognised institutions and information about education systems for 126 countries
- professional development for recognition authorities
- providing qualifications recognition policy advice to Australian educational institutions, professional assessing authorities and state and territory governments
- assessments of overseas post-secondary qualifications for individuals for general purposes.

Registration and Orientation

Registration and orientation is the essential first step for AABT College's students to ensure they clearly understand their visa conditions to study in Australia, requirements for a successful educational experience, including maintaining course progress and attendance requirements.

On the first day at AABT College students attend a registration and orientation session that runs for 4 hours and covers the following topics:

- Registration to complete the required forms
- Welcome session including meeting key staff
- Overview of life in Australia and where to find assistance
- Academic and general administrative matters
- Students rights and responsibilities
- AABT College policies & requirements for satisfactory progress
- Unique Student Identifier (USI)
- Student visa conditions overview
- Grievance procedures
- Maintaining current contact information
- Issuing student cards
- Campus tour
- General tour of the area for newly arrived students from overseas

Students who do not commence on the published start date and commence by the default date will be registered and undergo individual orientation.

Education Services for Overseas Students Framework

Australia provides rigorous protection for international students through the [Education Services for Overseas Students \(ESOS\) legislation](#), which requires institutions that provide education to international students, to meet nationally consistent standards in education delivery, facilities and services. Breaches of the Act are treated seriously, and the penalties can be significant.

All institutions wanting to deliver courses to international students in Australia must be registered with [Commonwealth Register of Institutions and Courses for Overseas Students \(CRICOS\)](#) and meet special registration conditions.

The National Code of Practice for Providers of Education and Training to Overseas Students 2018 provides nationally consistent standards for the conduct of registered providers and the registration of their courses.

The standards set out specifications and procedures to ensure that registered providers of education and training courses can clearly understand and comply with their obligations under the National Code.

Tuition Fee Protection

AABT College is required to apply the Student Tuition Protection Service (TPS) through the Commonwealth managed fund known as Overseas Student Assurance Fund (OSTF). The Fund was established to protect the interests of overseas students on student visas or intending overseas students, who are studying or about to study in Australia.

PRISMS

The Provider Registration and International Students Management System (PRISMS) is a secure computer system that is the information source for CRICOS.

Education institutions and their courses are listed on PRISMS, as is each student studying in Australia on a student visa. That is because this system interfaces with the Department of Home Affairs (DHA) through PRISMS education institutions notify DHA of each student's enrolment in a course. This should occur before the student applies for a student visa to study in Australia. The enrolment information generates an electronic Confirmation of Enrolment (eCoE) as evidence of enrolment in a registered, full-time course. This eCoE is a key requirement for DHA to issue a student visa.

Education providers also use PRISMS to notify Department of Home Affairs of students who may have breached the terms of their student visa.

PRISMS has reduced visa fraud and ensured education institutions keep track of the students in their care.

Student rights

The ESOS framework protects student rights, including:

The right to receive, before enrolling, current and accurate information about the courses, fees, modes of study and other information from a provider and the provider's agent

The requirement to sign a written agreement with the provider before or as fees are paid, setting out the

services to be provided, fees payable and information about refunds of course money. A copy of the written agreement will be kept by the student and the AABT College.

The right to get the education paid for. The ESOS framework includes consumer protection that will allow students to be placed in another course if the provider is unable to teach the course.

The right to know:

- How to use the provider's student support services.
- Who the contact officer is for overseas students.
- How to apply for course credit.
- How to apply for enrolment deferment, enrolment suspension or cancellation.
- The provider's requirements for satisfactory progress in the courses of study.
- How attendance will be monitored.
- How to use the provider's complaints and appeals process.

The student responsibilities include:

- Satisfy the student visa condition.
- Maintain Overseas Student Health Cover (OSHC) for the period of the stay.
- Meet the terms of the written agreement with the provider.
- Inform the provider of any change of address.
- Maintain satisfactory course progress.
- Follow the provider's attendance policy.

Information that explains your rights as a student studying in Australia under the Education Services for Overseas Students Act 2000 can be found on the Study in Australia website: <https://www.studyaustralia.gov.au/>

Student Support Services & Resources

AABT College is committed to the provision of support for all of its students regardless of their existing level of experience, skill or LLN&D ability.

To ensure we meet the specific needs of our students, the Academy will:

- determine the support needs of individual students during the enrolment process
- ensure trainers are fully informed of student support needs prior to commencement of training

Provide all students with access to the educational and support services necessary for them to meet the

requirements of the training product as specified in the training packages

AABT College will provide assistance to support students to make sure they have the opportunity to successfully complete their training and assessment program by:

- Identifying particular requirements (such as literacy, numeracy, English language or physical capabilities) students would need to complete each course
- Developing strategies to make support available where gaps are identified
- Implementing individualised strategies to suit the student (as applicable)

This may include providing:

- Language, Literacy, Numeracy & Digital (LLN&D) support
- Assistive technology
- Additional tutorials/training, eLearning, resource materials – including podcasts and you tube clips

The AABT College will seek to maximise opportunities for access, participation and outcomes for all students by implementing inclusive practices throughout the delivery of all its courses.

This will be achieved by providing ongoing access to:

- All resources (physical or virtual) necessary to complete training
- Trainers and assessors through the training program
- Records held by AABT College

AABT College will make every reasonable effort to ensure that it can accommodate a student's needs.

However, sometimes those needs are beyond the assistance that can reasonably be provided by the AABT College. In these circumstances, Individuals who require substantial additional help with their literacy and numeracy or other needs will be assisted to access specific assistance. Any costs incurred will be the responsibility of the student.

All students and staff will be provided with training in the AABT College's obligations under the ESOS framework and the potential implications for overseas students arising from the exercise of these obligations.

The Student Support Officer is charged with the responsibility for the care and maintenance of student welfare and the effective implementation of the organisation's obligations under the ESOS framework. The Student Support Officer is also obligated to assist students in support of their domestic circumstances, within reason, and to help the student maintain course performance. These support services are provided without cost to the students.

The Student Support Officer has the authority and responsibility to assist in addressing student welfare requirements, which may include the following:

- Absenteeism/attendance
- Accommodation
- Financial concerns
- Facilities and resources

- Telephones & communication
- Visa & immigration issues
- Complaints and appeals
- Family matters/relationship concerns
- Legal assistance
- Sexual harassment
- Employment rights

The Student Support Officer can also refer the student to a trainer or the RTO Manager regarding the following academic student support matters:

- Assessment failures
- English proficiency
- Flexible delivery
- Learning difficulties
- Performance and course progression
- Reasonable adjustment
- Study habits and problems
- Transitioning course/provider

In each matter, the student shall be encouraged to meet with the Student Support Officer and to provide an outline of the nature of their problems. The AABT College, through the Student Support Officer will seek to provide a supportive, empathetic and proactive environment in which the student's problems are identified by appropriate persons, who can assist the student to obtain a satisfactory outcome.

A register of support services is maintained by the Student Support Officer. A listing of resources is also in this Student Handbook.

International students will be required to attend an induction at the commencement of their studies at the AABT College. These inductions give an overview of the AABT College policies and procedures including the Student Handbook, administration procedures, government requirements, cultural matters, basic housekeeping issues, introduction to staff and a tour of facilities.

The Unique Student Identifier

If you're studying nationally recognised training in Australia, you will be required to have a Unique Student Identifier (USI). Your USI links to an online account that contains all your training records and results (transcript) that you have completed from 1 January 2015 onwards.

When applying for a job or enrolling in further study, you will often need to provide your training records and results (transcript). One of the main benefits of the USI is the ability to provide students with easy access to their training records and results (transcript) throughout their life. You can access your USI account online from your computer, tablet or smart phone anytime.

It's free and easy to create your own USI and will only take a few minutes of your time. Alternatively, we can create your USI on your behalf. To do this we will need some additional identification information from you such as your driver's license number and/or passport. Our enrolment process will clarify what you need to

know.

There are several unique circumstances where a person may be exempt from requiring a USI. These do not apply to the vast majority of learners in Australia. The USI Exemption Table is available from the USI website which explains these circumstances. Individuals who have a genuine personal objection to being assigned a USI can apply for an exemption to the Student Identifiers Registrar. Individuals who have been exempted must show the original of this notice to their training organisation. Training organisations will not need to collect a USI in order to issue a VET qualification or statement of attainment to exempt individuals. If the student later wants a USI the training completed under exemption cannot be added to their USI account retrospectively. Further details can be accessed at www.usi.gov.au

Conditions of your visa

All international students applying to enter a training program being offered by AABT College must:

- Be over the age of 18
- Demonstrate good command of written and spoken English
- Have completed an equivalent secondary schooling level of a High School Certificate or can demonstrate suitable work or life experience
- Meet the following Student Visa 500 subclass requirements
- Be a genuine temporary entrant
- Meet English language test score requirements
- Demonstrate financial capacity
- Hold Overseas Student Health Cover (OSHC)
- Meet the health requirements
- Be of good character

Under the simplified student visa framework arrangements introduced in July 2016 streamlined evidentiary requirements apply and the student visa applicant may be able to satisfy the Department of Home Affairs of their financial capacity and English language proficiency by declaration only. This is dependent on the level of risk rating of each student visa application which is determined by taking into account the risk rating allocated to the country from where the student originates combined with the risk rating allocated to AABT College as a provider on the CRICOS register. The easiest way to determine the evidence required to satisfy the visa requirements is for the prospective international student to utilise the Document Checklist Tool provided with the Student Visa 500 requirements page.

<https://immi.homeaffairs.gov.au/visas/web-evidentiary-tool>

All students, regardless of the financial capacity and English language proficiency will continue to have to meet all other core visa criteria, such as the Genuine Temporary Entrant requirement and health and character criteria.

Permission to work arrangements

If you have been granted your student visa, you may receive permission to work with your visa grant. This will also apply to any family member travelling with you on your student visa. You are not allowed to work until your course has started and you can work up to 48 hours fortnightly while your course is in session (not counting any work undertaken as a registered component of your course of study). However, you can work unlimited hours during scheduled course breaks. Your family members are not allowed to work until you begin the scheduled course. Family members are allowed to work up to 48 hours fortnightly at all times

after your course has commenced.

Further information about student visa conditions can be found at the Department of Home Affairs:
<https://immi.homeaffairs.gov.au/visas/getting-a-visa/visa-listing/student-500#About>

Information for students

You must continue to balance your study and work commitments even though there is flexibility in the number of hours you can work.

Students must still:

- maintain their course enrolment
- ensure satisfactory course attendance, and
- ensure satisfactory course progress.

Student visa holders who cancel their enrolment and stop attending classes, or fail to meet satisfactory course progress, may be in breach of their visa conditions.

Fair Work Ombudsman

The Fair Work Ombudsman (FWO) is an independent statutory agency of the Government of Australia that serves as the central point of contact for free advice and information on the Australian national workplace relations system. The Office of the Fair Work Ombudsman also investigates workplace complaints and enforces compliance with national workplace laws.

The Office of the Fair Work Ombudsman offers employers and employees free information and advice on pay, conditions, and workplace rights and obligations under the national workplace relations system.

The Office of the Fair Work Ombudsman operates the Fair Work Infoline for workplace relations queries on 13 13 94.

Complaints

Those in the national workplace relations system can make a complaint to FWO regarding under-payment of wages, conditions (such as annual leave), workplace rights & discrimination in the workplace.

The Office of the Fair Work Ombudsman will make a decision about the best course of action to resolve the complaint. FWO might decide:

- that the matter is outside of their jurisdiction and refer the person somewhere else
- that there hasn't been a breach of Commonwealth workplace laws
- that mediation is the best way to resolve the issues
- to conduct a formal investigation
- to conduct an audit.

An investigation looks at employment records and documents to find out the facts of a workplace complaint and to decide if relevant parties have complied with Commonwealth workplace laws.

Changes to Agreed Services

Where there are any changes to the agreed services that will affect the learner, including in the event of the college closing down, AABT College will advise the learner as soon as practicable. This includes changes to any new third party arrangements or a change of ownership or any changes to existing third party arrangements.

Expected LLN&D outcome is ACSF Level 3 for diploma or higher course and ACSF level 2 for Certificate III and Certificate IV level course.

Students must read this policy in full as it forms the basis of monitoring academic progress at AABT College. Refer to the Resource page on the website for the Monitoring Course Progress Policy & Procedure.

Satisfactory course progress is defined as a student successfully completing all required subjects in their program in order to achieve the qualification. A student who is identified as falling behind in successful assignment completion will be regarded as 'at risk' and will be managed via a range of intervention

strategies. Being at risk means that the student may not have achieved competency in 50% or more of their units in one study period. A study period is defined as a term of 10 weeks.

An intervention strategy is an individual student plan developed by the Training / RTO Manager aimed at improving the academic progress and attendance of a student. Intervention strategies may include additional learning support, counselling, training to develop study habits or adjustment to study program. AABT College will do everything it can to assist students who want to learn and progress. If the intervention strategies do not result in any improvement, AABT College will notify the student in writing of its intention to make a report to the Department of Education and of their right to access the complaints and appeals processes within 20 days. This report may result in the cancellation of the student visa by the Department of Home Affairs.

Refer to: 'Course Progress Policy and Procedures' outlined in the RTO Policies and Procedures; 'AABT International Student Policies and Procedures'; www.aabt.edu.au. There is also a copy of the 'AABT Course Progress and Attendance Policy and Procedure' on the website.

Assessment Submission

Students will receive an assessment summary at the beginning of each module. The assessment summary contains all the required information to ensure that students can achieve competence. One of these details is the **due date** for each assessment. Students **MUST** submit all assessments by the due date. Any assessment NOT submitted by the due date will be deemed 'not competent' and recorded as a missed assessment.

Missed Assessment

In cases where a student has not submitted an assessment, the Training/ RTO Manager and Trainer will meet with the student to decide on the appropriate intervention strategy to ensure successful academic progress. The RTO Manager will consider the:

- The student's history in submitting assessments

Recognition of Prior Learning (RPL)

AABT College has in place systems to offer Recognition of Prior Learning (RPL) to assess an individual's formal, non-formal and informal learning to determine the extent to which that individual has achieved the

required learning outcomes, competency outcomes, or standards for entry to, and/or partial or total completion of, a VET qualification.

AABT College ensures that assessment undertaken for Recognition of Prior Learning:

- Meets the requirements of the relevant training package
- Is conducted in accordance with the principles of assessment and rules of evidence
- Meets workplace and, where relevant, regulatory requirements; and
- is systematically validated

Students may apply for Recognition of Prior Learning either before commencement or as soon as studies commence. For international students, an approved RPL will mean early completion of their qualification and the reduced duration will be reported on PRISMS.

The AABT College provides the student with a 'Confirming Outcome of Credit Application' letter. The students must sign this letter to indicate agreement with the outcomes of Recognition of Prior Learning applications and a copy is to be kept on the students file.

National recognition (Credit Transfer)

National recognition is the recognition of learning achieved through formal education and training. Under the VET Quality Framework, qualifications and statements of attainment issued by any RTO are to be accepted and recognised by all other RTOs. National recognition allows a student to be awarded a unit of competency based on successful completion of the unit, which has been previously awarded.

Evidence requirements for national recognition

An applicant will be required to present his or her statement of attainment or qualification for examination by the AABT College. These documents will provide the detail of what units of competence the applicant has been previously issued. Applicants must provide satisfactory evidence that the Statement of Attainment or qualification is theirs and that it has been issued by an Australian RTO. Statements of Attainment or qualifications should be in the correct format as outlined in the Australian Qualifications Framework Implementation Handbook. The applicant is required to submit copies only which are certified as a true copy of the original by the authorised person.

National recognition guidelines

The following guidelines are to be followed in relation to national recognition:

- Students may not apply for national recognition for units of competence or qualification which are not included in the Academy's scope of registration.
- Students are encouraged to apply before commencing a training program. This will reduce unnecessary training and guide the student down a more efficient path to competence.
- The student does not incur any fees for national recognition.
- National recognition may only be awarded for whole units of competence. Where a mapping guide identifies a partial credit, this will not be considered for credit transfer and applicants will be advised to seek recognition.
- National recognition is only applicable when the units of competency being claimed are issued by an Australian RTO and they are nationally endorsed within the National Skills Framework.

AABT College provides the student with a 'Confirming Outcome of Credit Application' letter. The students must sign this letter to indicate agreement with the outcomes of applications and a copy is to be kept on the students file.

Assessment Outcomes

The evidence students submit will be assessed and they will be given written and verbal feedback. Each individual assessment task will be marked as either Satisfactory or Unsatisfactory.

A mark of Competent or Not Competent will be given for the whole unit. If the student is assessed as Not Competent, they will be given some suggestions for improvement & asked to resubmit their material and/or redo their assessment.

If the student doesn't agree with the assessment result or thinks that the assessment process is not valid, or disagrees with the decision once it is made, or believe that they have been treated unfairly, they can appeal. Full details of the Appeals process are contained in the Policy and Procedure available on www.aabt.edu.au

Re-assessment

Participants will be allowed two (2) further attempts at an assessment for which the outcome is Not Satisfactory, within the timeframe of a unit of competency. No additional fees will be charged.

Participants who require re-assessment beyond the delivery timeframe of a unit or due date of an assessment, unless it is due to medical reasons, will be given the opportunity to request an additional time to resubmit and in this time, they can request a mentoring session if required. After that they may be charged a re-assessment fee for the relevant unit of competency.

To successfully complete a unit of competency i.e. achieve a Competent result for the unit, you must achieve a Satisfactory Result for all assessment tasks for that unit. For each assessment task, you will be provided with 3 opportunities to achieve a Satisfactory Result. Should you be unable to achieve a Satisfactory Result by your 3rd attempt, you will be required to undertake a Re-assessment. Reassessments are organized by Student Services – there is a cost for this service. Re assessment fee is \$300 per unit. Should you be unable to fulfil the unit of competency requirements following a re-assessment, you will be required to repeat the unit of competency in line with the Academy's Student Assessment, Reassessment and Repeating Units of Competency Guidelines policy.

The cost of reassessment for a unit of competency after the 3rd attempt is \$300. The timing of the reassessment is subject to trainer and timetable availability. The cost to repeat an entire unit of competency is \$300.

Policy Guidelines

Deferring or Suspending a Course

Under the requirements of the ESOS Act and National Code of Practice for Providers of Education to Overseas Students 2018 (National Code), international students enrolled at AABT College are not permitted to defer commencement of their studies, or suspend their studies, except:

- on the grounds of illness evidenced by a doctor's certificate stating that student is unable to attend classes
- exceptional compassionate circumstances beyond the control of the student
- student misconduct or misbehaviour.

Deferment, suspension and cancellation may affect a student's visa and AABT College must report on PRISMS as required under Section 19 ESOS Act where the enrolment is deferred, temporarily suspended or cancelled. If a student defers or suspends their studies on any other grounds, AABT College must report the student to Department of Education/Department of Home Affairs via Provider Registration and International Student Management System (PRISMS), as not complying with visa conditions.

Through PRISMS, certain Australian Government agencies can monitor student compliance with visa conditions and provider compliance with the Education Services for Overseas Students Act 2000 (ESOS Act).

Refer to www.aabt.edu.au for Policy & Procedure for International Student Deferment, Suspension & Cancellation of Study.

Transferring to another Provider

Under the National Code of Practice for Providers of Education and Training to Overseas Students 2018 of the ESOS Act 2000, international students are restricted from transferring between education providers prior to completing six months of their principal course of study, unless they are given a release from their RTO or can demonstrate exceptional circumstances. AABT College will only consider giving a release to a student who has a valid enrolment offer from another registered education provider. Students must also complete an Application to Transfer between Registered Providers form. If granted, a release will be issued at no cost to the student.

All requests for a transfer are recorded on PRISMS by the RTO including the reasons for refusal of release.

Where a release is not granted, the student will be advised in writing providing the reasons for refusal. The student may access the Academy's complaints and appeals process within 20 working days if they want a review of the decision

Applications for transfer from AABT College will be assessed and replied to within 5 working days.

Students applying to transfer to another provider must use the following process:

- The student must go to reception to fill in the Termination Request Form
- Students must complete all sections in particular the reason and circumstances for the transfer to another provider with documentary evidence
- Students who have NOT completed six months of their principal course MUST NOT provide a Confirmation of Enrolment from another provider as evidence.
- The student must then make an appointment to meet with the Training/RTO Manager to discuss the transfer request
- The Training/RTO Manager will discuss the circumstances that constitute reasonable grounds for refusal or acceptance of the student's request including when a transfer may be considered detrimental to the student.
- Assessing and replying to the student transfer request will be completed within 5 business/working days unless insufficient evidence has been submitted with the application.
- In straightforward requests, students will be provided with an immediate signature from the Training/RTO Manager during the interview either accepting or rejecting the transfer and termination letter request.

In cases where other evidence needs to be provided and considered, all requirements will be noted in RTO Data with required future actions.

In all cases, students who have not had their termination request approved may access AABT College's grievance and appeals process within 20 days

Evidence will be retained on the student file.

Extension of Student Study

AABT College will only extend the duration of a student's study where it is clear that the student will not complete the course within the expected duration as specified on the students Confirmation of Enrolment (CoE) as a result of:

- Compassionate or compelling circumstances (e.g. illness, where a valid medical certificate (in English) states that the student was unable to attend classes or
- where AABT College has not been able to offer a pre-requisite unit of competency) or
- AABT College implementing its intervention strategy for students at risk of not meeting satisfactory course progress

AABT College approved deferment or suspension of studies granted under Standard 9 of the National Code.

Where there is a variation in a student's enrolment load, which affects the student's expected duration of study in accordance with the National Code, AABT College records this variation and the reasons on the student file and database. AABT College will then report the student via PRISMS and/or issue a new CoE when a student can only account for the variation(s) by extending the expected duration of study.

Except in circumstances specified as valid grounds for extension to duration as noted above, the expected duration of study at AABT College specified in the student CoE will not exceed the CRICOS registered

course duration.

Refer to www.aabt.edu.au for Policy & Procedure for Completion within Expected Duration.

Reduction of Student Study Time

Where a student applied for and was granted credit through Recognition of Prior Learning (RPL) after orientation/commencement, the length of the CoE will be reduced via PRISMS.

Where a student course completes early, AABT College will notify this early course completion to Department of Education via PRISMS. AABT College reports early course completion on PRISMS.

Refer to www.aabt.edu.au for Policy & Procedure on Completion within Expected Duration

Termination

Students wishing to terminate their course earlier than the course completion date must complete an Academy termination form stating the reason with attached evidence and attend an interview with the RTO Manager. Attached evidence includes but is not limited to a one-way airline ticket, Letter of Offer from new provider, CoE, etc.

If a student requests termination of a principal course of study within the first six months, the student must apply for a release, which will only be granted in accord with the conditions in the National Code. If a student fails to inform AABT College that they have terminated their studies, intervention will be initiated and failure to respond will result in reporting on PRISMS.

Complaints and Appeal

What is a complaint?

A complaint is generally negative feedback about services, other students or staff which has not been resolved locally. A complaint may be received by AABT College in any form and does not need to be formally documented by the complainant in order to be acted on. Complaints may be made by any person but are generally made by students.

The complaint may be about the student's dealings with the Academy, the RTO's education agents or any related party it has an arrangement with to deliver the overseas student's course or related services

What is an appeal?

An appeal is an application by a student for reconsideration of an unfavourable decision or finding during training and/or assessment. An appeal must be made in writing and specify the particulars of the decision or finding in dispute. Appeals must be lodged within 28 days of the decision or finding is informed to the student.

Early resolution of complaints and appeals

In all cases, issues that arise during training and assessment that are the source of frustration or are in dispute should be resolved at the time they occur between the persons involved.

Complaint and appeals handling

AABT College undertakes to apply the following principles to its complaints and appeals handling:

- A written record of all complaints and appeals is to be kept by AABT College including all details of lodgement, response and resolution.
- A complainant or person lodging an appeal is to be provided an opportunity to formally present his or her case at no cost.
- Each complainant or person lodging an appeal may be accompanied and/or assisted by a support person at any relevant meeting.
- The handling of a complaint or appeal is to commence within 10 working days of the lodgement of the complaint or appeal and all reasonable measures are taken to finalise the process as soon as practicable.
- The complainant or person lodging an appeal is to be provided a written statement of the outcome, including details of the reasons for the outcome.
- AABT College shall maintain the enrolment of the complainant or person lodging an appeal during the complaint or appeals process.

- Complaints and appeals are to be handled in the strictest of confidence. No AABT College representative is to disclose information to any person without the permission of AABT College Chief Executive Officer (CEO). A decision to release information to third parties can only be made after the complainant has given permission for this to occur.

- Complaints and appeals are to be considered on the basis of procedural fairness and lead to opportunities for improvement through a report to the CEO.

AABT College considers that it would be extremely unlikely that complaints and appeals are not able to be resolved quickly within AABT College's internal structures.

- If complainant is not satisfied with the outcome of the complaint handling, the Chief Executive Officer may arrange for the complaint to be considered by an appropriate independent third-party or the student may refer the complaint to the Overseas Students Ombudsman at <https://www.ombudsman.gov.au/complaints/international-student-complaints> , phone:1300 362072

Emergency Evacuation Procedure

During the event of an emergency that requires the evacuation of any AABT College campus, all students should follow the instruction of their trainer and the fire safety warden. At all times, the class **MUST** stay together to ensure the safety and wellbeing of the staff and students.

Once students have evacuated the building, they must proceed to the designated area so that the attendance sheets can be checked to ensure that all students have left the building. Students must stay with their trainer till the building is safe to re-enter or they have been dismissed.

Emergency exits are signposted with diagrams located in classrooms, hallways and other areas that indicate the appropriate exit to use and the meeting place. These procedures may be updated from time to time.

The AABT College agrees to abide by the Work Health and Safety Act 2011 to protect the health, safety and welfare of staff and students through the provision of safe learning environments and equipment.

Emergency Procedure is as follows:

- Fire alarm sounds and the class prepare to evacuate immediately
- Students must line up ready and not waste time collecting belongings

- Trainer and students proceed to the designated assembly area using the fire stairs only (no lifts to be used in fire emergencies)
- Attendance will be taken at the assembly area to ensure that all students and staff are present and no one left on campus

Legislative and Regulatory Responsibilities

Statutory Cooling Off Period

Under the Australian Consumer Law, most products and services bought in Australia come with automatic guarantees that it will work and do what you asked for. Businesses must provide these automatic guarantees regardless of any other warranties they give to you or sell you. If a business fails to deliver any of these guarantees, you have consumer rights for:

- repair, replacement or refund
- cancelling a service
- compensation for damages and loss

Please also see the information in this Student Handbook on AABT College's:

- Complaints and appeal policy and procedure.
- Fees and refund policy

The Standards for Registered Training Organisations require a person to be informed of their right to a statutory cooling off period. A statutory cooling off period is defined within the Australian Consumer Law which was introduced in 2011. A statutory cooling off period (which is 10 days) is a period of time provided to a consumer to allow them to withdraw from a consumer agreement, where that agreement was established through unsolicited marketing or sales tactics. These include tactic such as door-to-door sales and telemarketing. A statutory cooling off period allows a consumer to withdraw from a sales agreement within 10 days of having received a sale contract without penalty. All students are recommended to refer to the Australian Consumer Law, Sales Practices Guide for further details about a statutory cooling off period and our general obligations for consumer protection during the enrolment process.

It must be noted that AABT College does not engage in unsolicited marketing or sales tactics and therefore a statutory cooling off period is not likely to be applicable to our learners who have enrolled into a program. For refund option in other circumstances, learners must refer to the refund policy.

Work Health and Safety (WHS) Act 2011

The main object of this Act is to provide for a balanced and nationally consistent framework to secure the health and safety of workers and workplaces by protecting workers and other persons against harm to their health, safety and welfare through the elimination or minimisation of risks arising from work or from particular types of substances or plant.

The WHS Act covers most workers in Australia who are protected by nationally uniform work health and safety laws. This includes employees, contractors, sub-contractors, outworkers, trainees, work experience students, volunteers and employers who perform work.

The WHS Act also provides protection for the general public so that their health and safety is not placed at risk by work activities.

Duties of other persons at the workplace (section 29). Any person at a workplace, including customers and visitors, must take reasonable care of their own health and safety and that of others who may be affected by their actions or omissions. They must also cooperate with any actions taken by the person conducting business or undertaking to comply with the WHS Act and WHS Regulation.

An organisation must not collect personal information unless the information is necessary for one or more of its functions or activities.

An organisation must not use or disclose personal information about an individual for a purpose (the secondary purpose) other than the primary purpose of collection unless:

Anti-Discrimination Act 1991

The main purpose of the Act is to promote equality of opportunity for everyone by protecting them from unfair discrimination in certain areas of activity, including work, education and accommodation. Anti-Discrimination applies to a person's race, religion, colour, sex, physical and/or mental capacity.

Disability Discrimination Act 1992

A person discriminates against another person on the grounds of a disability if, because of the person's disability, they treat or propose to treat the person with a disability less favourably than, in circumstances that are the same or are not materially different, they treat or would treat a person without the disability.

Circumstances in which a person treats or would treat another person with a disability are not materially different because of the fact that different accommodation or services may be required by the person with a disability.

Sex Discrimination Act 1984

The purposes of the Act are to

1. to eliminate, so far as is possible, discrimination against persons on the ground of sex, marital status, pregnancy or potential pregnancy in the areas of work, accommodation, education, the provision of goods, facilities and services, the disposal of land, the activities of clubs and the

4. to eliminate, so far as is possible, discrimination involving sexual harassment in the workplace, in educational institutions and in other areas of public activity; and
5. to promote recognition and acceptance within the community of the principle of the equality of men and women.

Copyright Act 1968

Copyright is a type of property that is founded on a person's creative skill and labour. It is designed to prevent the unauthorised use by others of a work, that is, the original form in which an idea or information has been

expressed by the creator.

Copyright is not a tangible thing. It is made up of a bundle of exclusive economic rights to do certain acts with an original work or other copyright subject-matter. These rights include the right to copy, publish, communicate (e.g. broadcast, make available online) and publicly perform the copyright material.

There is no general exception that allows a work to be reproduced without infringing copyright. Where a part of a work is copied, the issue is whether a substantial part of that work has been reproduced and thus an infringement has occurred.

However, there is a 10% rule which applies in relation to fair dealing copying for the purposes of research or study. A reasonable portion of a work may be copied for that purpose, and a reasonable portion is deemed to be 10% of a book of more than 10 pages or 10% of the words of a work in electronic form.

Industrial Relations Act 1999

The main objectives of this Act are to provide a framework for industrial relations that supports economic prosperity and social justice by:

- Providing for rights and responsibilities that ensure economic advancement and social justice for all employees and employers;
- Ensuring equal remuneration for men and women employees for work of equal or comparable value;
- Ensuring wages and employment conditions provide fair standards in relation to living standards prevailing in the community;
- Promoting and facilitating job growth, skills acquisition and vocational training through apprenticeships, traineeships and labour market programs.

Fair Work Act 2009

The main objectives of this Act are to provide a balanced framework for cooperative and productive workplace relations that promotes national economic prosperity and social inclusion for all Australians by:

- Providing workplace relations laws that are fair to working Australians, are flexible for businesses, promote productivity and economic growth for Australia's future economic prosperity and take into account Australia's international labour obligations;
- Ensuring a guaranteed safety net of fair, relevant and enforceable minimum terms and conditions through the National Employment Standards, modern awards and national minimum wage orders;
- Enabling fairness and representation at work and the prevention of discrimination by recognising the right to freedom of association and the right to be represented, protecting against unfair treatment and discrimination, providing accessible and effective procedures to resolve grievances and disputes and providing effective compliance mechanisms.

Trams:

The city and inner suburbs are best viewed by tram, a unique Melbourne way to travel. Melbourne's city centre is built in a grid, which the trams cover extremely well. They will take you directly to the Queen Victoria Market, Fitzroy Gardens, Bridge Rd and Major sporting arenas to name a few. A great way to orientate yourself around Melbourne is to hop on one of the City Circle trams. They loop the city centre every 12 mins. in both directions. The entire circuit takes approx. 48 mins. These trams are restored old trams and are painted maroon with gold trim. It is a little hard to hear sometimes but listen carefully for the historical commentary as you travel. Best of all, these trams are free and take you close to many of Melbourne's tourist spots, i.e. Queen Victoria Market, Melbourne Gaol, Docklands. Trams are free with in the Melbourne CBD.

Trains:

Melbourne's train system is also very convenient and uses a myki card on all public transport. All Metro Trains use the same Myki card as the trams and buses. The train network is extensive and includes lengthy suburban routes and a city loop. You can see the timetable [here](https://www.metrotrains.com.au/timetables/?line=Alamein&dir=1&ts=1626252419398); <https://www.metrotrains.com.au/timetables/?line=Alamein&dir=1&ts=1626252419398> Find out more about the Myki train card; <https://www.ptv.vic.gov.au/tickets/fares/metropolitan-fares/>

Buses:

The bus network generally fills in the gaps left between the tram and train services. Buses are a little more difficult but are easy when you use the online trip itinerary. They also use the same myki as trams and trains. There is also a Melbourne City Tourist Shuttle it operates every 30 mins. From 9:30am to 4:30pm excluding Christmas Day. On Labour Day and Anzac Day, the service does not start until 1 pm. The route takes in 13 stops which are hop on, hop off.
