AABT College Responsibility for Delivering Australian Qualifications:

The Australian Government oversees Registered Training Organisations to ensure that quality standards of education and awarding qualifications meet the requirements of the Australian Qualifications Framework. Therefore, AABT College is responsible for the quality of training and assessment, student support services and the issuance of Australian Qualifications Framework certification on completion of a course.

Language, Literacy, Numeracy and Digital Test (LLN&D)

All students are required to undertake AABT College language, literacy, numeracy and digital (LLN&D) test mapped to ACSF through jot form to identify if a student requires AABT College to provide any additional support.

Expected LLN&D outcome is ACSF Level 3 for diploma or higher course and ACSF level 2 for Certificate III and Certificate IV level course.

This is not an entry requirement but is designed to determine if a student has any specific LLN&D support needs in the context of VET training and has a different purpose to the English entry requirements which are assessed prior to offering a student a place in a course. The results of the LLN&D test are provided to the trainer who can further advise the student if they require additional LLN&D support to successfully achieve the course outcomes.

Please refer to the Student Support Services Policy for the complete details of how these academic support services are implemented as well as the complete list of student support services provided by AABT College.

- complete their studies in another course or with another education provider or
- receive a refund of their unspent tuition fees

In the unlikely event Australian Academy of Business and Technology is unable to deliver a course where fees have been paid in advance and it does not meet its obligations to either offer the student an alternative course that is accepted or pay the student a refund of the unspent prepaid tuition fees, the TPS will assist the student in finding an alternative course or offer a refund if a suitable alternative is not found.

Living in Australia

Multiculturalism

More than 100 ethnic groups are represented in Australia, making it one of the most culturally diverse countries in the world. Australia's dynamic multiculturalism can be attributed to its unique combination of indigenous cultures, early European settlement and immigration from all parts of the world.

Australians value the wealth of cultural diversity and social sophistication that international students bring to our campuses and communities. AABT College takes great care in looking after international students and helping them to adjust to the Australian way of life. International students also gain great benefits from their education in Australia and make lifelong friendships.

Language

Although English is the official language, more than 4 million Australians speak a language other than English; more than 800,000 speak an Asian language, the most common being Mandarin, followed by Cantonese and Vietnamese, and another 800,000 speak a European Union language. English, as it is spoken in Australia, is easily understood by nearly all people from other English-speaking nations. While there are some minor differences in accent between the cities and country areas, the differences are much less than those found in America, Britain and Canada. As you improve your English, you will learn some of Australia's colorful and often humorous slang, and have fun explaining the meanings to friends and relatives.

Religion

Australia is predominantly a Christian country however; all religions are represented. Australians respect the freedom of people to practice their choice of religion. Churches, mosques, temples and synagogues are located in most major cities.

Healthcare

Australia has a very good healthcare system. All Australians pay a Medicare levy (additional tax) to fund the public health system to ensure that everyone has access to public-system doctors, hospitals and other healthcare services. People who pay extra into private health insurance funds receive extra privileges when using private healthcare services. You will find the usual healthcare services available in Australian suburbs including GPs (doctors), dentists, osteopaths, chiropractors, psychologists, counsellors and many complementary healthcare practitioners too (Traditional Chinese Medicine, naturopathy, acupuncture, kinesiology etc.). International students studying in Australia are required to have Overseas Student Health Cover (OSHC) for the duration of their student visa (See, Student Visa Obligations, in this section).

Food

Australia has a fantastic variety of food. Its top-quality meat, fish, fruits and vegetables are exported to markets worldwide. There is a large range of fruit and vegetables available at Australian produce markets. Students should have no difficulty finding the foods that they are used to at home. Students can sample almost every type of cuisine in Australia's many restaurants and cafés. Ethnic restaurants offer cuisines from all around the world. Good food at reasonable prices can be found at bistros, cafés and Aussie pubs. For those who like takeaway, most of the major global fast food chains are well represented. The adventurous might want to sample Australia's bush tucker and national specialties like Kangaroo (available in supermarkets) and Crocodile (available in some restaurants)

Sports and Recreation

Australians are very keen on sport and outdoor activities and have gained a worldwide reputation as tough competitors in individual and team sporting events. Australia has more than 120 national sporting organizations and thousands of state and regional sporting bodies. Australians are also enthusiastic about bushwalking, fishing, boating and water sports.

Electricity

The electrical current in Australia is 240/250 volts AC, 50 cycles. The Australian three-pin plug is absolutely safe. Adaptors are usually required for most foreign appliances. A transformer may be required if students bring an appliance from overseas that operates on a different voltage.

Transport

Australia has an extensive public transport system that includes trains, buses, tramways, ferries, two major national airlines and a number of regional airlines. See Living in Melbourne below for more details.

Driving: Tourist students may drive in Australia on a valid Overseas Driver's License, but if the document is not in English, the visitor must carry a translation with the permit. An International Driver's License alone is not sufficient. Students need to get Victorian driving License after certain period of stay in Australia. Please visit vic roads website for more details.

Taxis: Metered taxicabs operate in all major cities and towns. Students can find taxi ranks at transport terminals, main hotels or shopping centers or can hail taxis in the street. A light and sign on the roof indicates if a taxi is vacant. There is a minimum charge on hiring and then a charge per kilometer travelled. You do not need to tip taxi drivers. Uber service is also available at airport and there is designated pick up place available outside airport for Uber customers. You need to download Uber app on your mobile phone to order Uber pick up.

Telephone

Australia has a modern telecommunications system with mobile and internet access generally available at low cost. Public telephones are run by Australia's largest telecommunications company, Telstra, and are available at all post offices, shopping centers and are often situated on street corners. Credit phones take most major credit cards such as Visa and Mastercard and can be found at international and domestic airports, central city locations and hotels. Mobile phones are very popular and can be purchased from a number of retailers including Vodafone, Optus, and Virgin mobile.

Budgeting

Students should work out a budget that covers accommodation, food, transport, clothing and entertainment. Childcare, if applicable, should also be taken into account. For more information on Living in Australia costs, visit www.studyinaustralia.gov.au

Travel

During term breaks, students may like to venture beyond Melbourne to experience more of Australia's spectacular natural environment and great physical beauty, such as great ocean road, marine parks and national parks (The Great Barrier Reef, Kakadu, Uluru), the Queensland rainforests and the pristine countryside and mountains of Tasmania. Student and backpacker travel agents in metropolitan cities offer cheap flights and package deals.

Money and Banks

Australian currency is the only legal tender in Australia. When students first arrive, money from other countries can be changed at the exchange facilities located at international airports, banks and major hotels. Travelers' cheques are easier to use if already in Australian dollars, however, banks will cash travelers' cheques in virtually any currency. Major hotels and some shops, depending on individual store policy, will also cash travelers' cheques.

It is a good idea to set up an Australian bank account. You will need to provide visa details and evidence of residency. Banking services in Australia are extremely competitive. All major banks have branches in cities and regional centers. Major banks include ANZ, Westpac, National Bank, Commonwealth Bank. Community banks, like Bendigo Bank, are a popular alternative.

Most shopping centers have Automatic Teller Machines (ATM) facilities. These machines can be used for deposits and, in many instances, withdrawals 24-hours-a-day. Many department stores,

supermarkets and specialist shops have electronic transfer terminals (EFTPOS) where cash withdrawals can also be made in addition to purchasing goods.

More information on banking is available at www.studyinaustralia.gov.au

Normal bank trading hours Monday to Thursday - 9.30 am – 4.00 pm Friday - 9.30 am – 5.00 pm. Some banks are open Saturday mornings.

Credit Cards

Credit cards are widely accepted around Australia. The most commonly accepted credit cards are Visa, MasterCard, AMEX and Diners Club.

Currency

Australia uses a dollars and cents system of decimal currency with 100 cents in a dollar. The bank notes in use are \$5, \$10, \$20, \$50 and \$100. Coins used are the silver-colored 5 cent, 10 cent, 20 cent and 50 cent coins and the gold-colored \$1 and \$2 coins.

Tipping

Tipping is not the general custom in Australia and service charges are not added to accounts by hotels and restaurants. In good quality restaurants however, it is usual to tip food and drink waiters up to 10% of the bill for good service. Porters have set charges at railway terminals, but not at hotels. However, tipping is a matter of individual choice.

Accommodation

The following types of accommodation are available for international students.

Home Stay

This option is an opportunity for students to live in a private home, with a local family, couple or single person and learn about Australian life. You may need to compromise with living arrangements as you will need to fit in with the household's routines and expectations. You will need to think about the things that are important to you. You may need to ask about how adaptable meal times are in relation to your studies and other commitments. You may also want to consider how the other people will feel about your friends visiting, your music and the hours that you keep. There are different types of home stay arrangements:

Cost: A\$110.00 - A\$235 to \$325 per week

Full Board

Usually includes a furnished room (bed, desk, lamp, wardrobe), three meals per day and bills (electricity, gas and water, but not telephone and internet). Some homestay providers may even do your laundry.

Cost: A\$300 - A\$450 per week

Half Board

Usually includes a furnished room (bed, desk, lamp, wardrobe) and bills (electricity, gas and water, but not telephone and internet). You can use the cooking and laundry facilities in the house.

Cost: A\$225 - A\$350 per week

Board in Exchange

Usually means free, or low cost, accommodation (including bills), in return for household duties such as cleaning, or childcare.

Cost: Free or low cost (below A\$100)

Lease/Rent

Renting an apartment or house is done through a real estate agent. You must sign a contract called a "lease" to rent the house, either month-by-month, or sometimes a 6-month, 12-month or 2-year lease is required. The lease entitles you to private use of the property for the duration of the lease. The advantage of this is privacy and independence.

You must pay a bond (the equivalent of one month's rent, to cover any damage you may do to the premises). You are responsible for paying all bills (except water and council rates), maintenance of the property and providing all your own furniture and household items.

If you choose a house or apartment in a popular area, there will be much competition. The real estate agent selects the tenants who they believe are the most stable and able to meet the requirements of the lease.

Cost (shared accommodation): A\$100.00 - A\$400.00 (unfurnished)

If your children are travelling with you as dependants on your student visa, you will have to pay fees for them to go to any Australian school (regardless of whether the school is state or private). School fees vary according to the age of your children and the state or territory that you live in but expect fees of around A\$7800 to A\$30000 per year, per child.

Schooling for dependants

In Australia, children must attend school from five years of age until the completion of Year 10. Young people that have completed Year 10 must participate in full-time education, training or employment, (at least 25 hours per week) or a combination of these activities until they reach 17 years of age.

If you have school age dependents you will need to make arrangements for your children to enter school in Australia. Students from countries around the world enrol in Victorian government, independent and private schools every year. Victorian government schools are recognised for their excellent quality education programs.

All costs are per year in Australian dollars. To convert to your own currency, visit <https://www.xe.com/>
